HARVEST QUEEN CAPT. ASLEEP

Columbia Goes Out With Several Astoria Passengers—Bark Gardner City Clears for San Pedro—Ascension Disabled; Continues Under Own Steam.

SEATTLE, July 5.—The steamship reported yesterday from Carmanah Point as disabled has turned out to be the Standard Oil Company's steamer Ascension, which sailed on Wednesday from Port Harford for San Francisco. The Ascension was offered aid by the tugs Holyoke and Tyee, which was refused. She is reported this morning as having continued her journey south under her own steam. The fault is said to have been a slight defect in her boilers.

With a full list of passengers and all the freight she could carry the steamer Columbia went to sea yesterday morning. Among her passengers were the following from Astoria: Mrs. Lackhart and children, Miss Stanley, James Leahy, Judge J. Q. A. Bowlby, E. J. Nymian and H. Nymian.

The barkentine Gardner City came down the river yesterday. She has a cargo of 591,000 feet of lumber loaded at Vancouver and is bound for San Pedro.

The schooner Seabome had a cargo of 820,000 feet when she left on the Fourth and was loaded at St. Helens.

The Letitia is still hard aground up the river and the tug Oklahoma is busy at work trying to get her off. The captain of the Harvest Queen admits he was asleep when he ran his tow ashore. He said that he had been overworked recently and was absolutely tired out.

The Sue H. Elmore was scheduled to sail at 3 a. m. this morning.

The Johan Poulsen went down with lumber yesterday for San Francisco.

The Lurline was pretty nearly on time again last night. She brought down 16 horses, 10 of which are for Rainier, for the Tallant-Grant Packing Co. Captain Larkins also brought the information of the finding of the three bodies up the river.

With almost a full cargo of general merchandise the steamer Redondo, Captain Benggard, sailed last night for Seattle and other Puget Sound ports on her initial run in this service. Practically all of the shipments she carries are consigned to Alaskan firms and will be transferred to steamers sailing for the Far North. She is taking out the first freight to be sent from here to Alaska by the water route since the old George W. Elder made a few trips during the early days of the Nome excitement. The Redondo is scheduled to be back in the river July 12. She is expected to sail from here every 10 days. When the volume of business gets so great that she cannot handle it another steamer will be added to the line.

The steamer Roanoke went out for San Francisco this morning.

The T. J. Potter made a couple of landings here today on her round-trip.

She took back with her six horses for Rainier, but had not a very large passenger list.

The British ship Jordanhill came down the river yesterday with a cargo of lumber for Callao.

The Joseph Pulitzer and the Alumna have gone up the river to drydock.

REV. RYDQUIST RETURNS.

After Attending Columbia Synod at Britton, Conn., Returns Home.

The Rev. G. E. Rydquist returned to Astoria on Wednesday after an extended trip to the East. The primary object of his visit was to attend the Columbia Synod conference at New Britton, Conn., at which he was a delegate. Mr. Rydquist visited the Jamestown Exposition, but was not very favorably impressed, considering the Lewis and Clark show very much better in every way. He was also at New Haven, Conn., where he attended a banquet of the Yale graduating class. Mr. Rydquist visited his father whilst away on his outward journey and had not left him long when the old gentleman, who had been sick for some time, died. Mr. Rydquist had to return for the funeral. Mrs. Rydquist has not returned with her husband but will remain at the home of her parents in Clinton, Iowa, until October 1. Good weather prevailed throughout the trip except that towards the end it was extremely hot.

For The Little People.

Every parent in this city should investigate, at once, the new and appreciable shoe for the youngsters, at Charles V. Brown's Commercial street house. They are called the "E. C. Scuffer" and are the very epitome of good wear and real comfort. They are going like wild-fire and the kids themselves are after them because they look so "comfy."

The regular monthly meeting of the water commission was held last night. Commissioners Wright, Tronchard, Van Dusen, Fisher and Brix being present. Many questions of interest to the water department were taken up and discussed freely.

The treasurer's statement showed that the sum of \$20,374.21 was on hand June 29th.

The assistant superintendent reported the amount of work done in June and report was placed on file.

Bills for the month of June amounting to \$674.87 were approved and warrants ordered drawn for same. The superintendent was instructed to set fire hydrant on corner of Twenty-eighth and Franklin avenue.

Considerable discussion was indulged in over the appointment of a superintendent and after an expression by all members present the matter was laid over until a full meeting could be secured.

The rules governing the hours for irrigation of lawns were changed so as to make the hours during which irrigation would be allowed, 6 o'clock until 9 in the morning and 5 to 8 in the evening. The clerk was instructed to advertise this fact and the inspector directed to enforce the rules strictly.

COUNTY COURT HOLDS SESSION

ACTION TO BE BROUGHT BY THE COUNTY AGAINST COUNTY COURT TO TEST LEGALITY OF THE NEW LAW.

In the matter of the county assessor's tax roll it appearing to the court that there was a grave question as to the intent of the law as to whether copies of the rate should be made for the use of the Sheriff or whether the Sheriff should use the original roll. A suit was ordered to be brought by Clatsop County against the county clerk and the county court. The matter was considered of sufficient importance to necessitate despatch and the district attorney being otherwise busy, it was ordered that J. H. Smith and A. M. Smith be instructed to prepare a case to test the law. This action will be brought before Judge, the Hon. T. H. McBride, and will then be appealed to the Supreme Court. The cause of the matter is whether the new law which enacts that no copy of the roll be made but that the original be placed in the hands of the Sheriff, goes into effect immediately and thereby affects the 1907 tax roll, or does not go into effect till 1908.

If the clerk makes a copy of the roll this year acting under the old law the tax would be invalidated, in case the new law is intended to go into effect at once. Hence the necessity for immediate action in the matter.

In the matter of the special road fund, the excess of \$108.82 was ordered to be transferred to the general fund. J. Norem was awarded the contract to do repair work on road No. 99 at 20 cents per rod and was given till September 15th to complete the job.

The half-yearly report of County Clerk Clinton was presented to the County Court yesterday and reads as follows:

Table with financial data: Outstanding warrants \$70,775.65, Cash in hand \$11,217.61, Liabilities \$9,558.04, Warrants drawn \$1,469.75, Special road warrants \$1,487.39, Court house \$31,933.04, Roads \$5,800.00, Bridges \$4,500.00, Fees collected \$2,939.40.

Take the Postmaster's Word For It. Mr. F. M. Hamilton, postmaster at Cherryvale, Ind., keeps also a stock of general merchandise and patent medicines. He says: "Chamberlain's Colic, Cholera and Diarrhoea Remedy is standard here in its line. It never fails to give satisfaction and we could hardly afford to be without it." For sale by Frank Hart and leading druggists.

IN CAMP.

Rev. C. C. Rarick Takes His Son Joe and Alford Gerding Camping on the Nehalem.

The Rev. C. C. Rarick has been spending the better part of the week in camp up at the source of the Nehalem, with his son Joe and Joe's young friend Alford Gerding. The party set out from here on Tuesday going first to Seaside where they crossed the Necanicum. They then got a horse and "packed" their tent and belongings in orthodox fashion, the boys having a delightful taste of "following the trail" in regular old-time manner. The three pitched their camps near the source of the Nehalem, and then came three days of fun and undiluted fun for the boys. They got "all mused up", wet through, and fell into the river to their heart's content. And each time they were soaked they had to go to bed while Mr. Rarick dried their clothes. Oh! it was a "bully" time and all as a reward for Joe, who passed his school work with honors. They caught lots of fish and relie don them, on their wits and hunters cunning to get their food and returned yesterday feeling good all through.

AT THE WALDORF THIS WEEK.

Do you want to laugh? Do you want to be amused? Do you want to see a really clever and funny entertainment? Well go to the Waldorf show. It's good, it's clever, and it's very, very laughable from start to finish. You know what some of these shows are? Dull, stupid and vulgar without being amusing; and a lot of old sticks on the stage who can neither act nor sing. Once in a while you strike something that's really good; where there is both good singing and histrionic ability. And THIS is the time when the two are combined. It is seldom indeed that on a vaudeville stage you can see such an excellent array of really good things. From the rise of the curtain till the fall it was a rare success—this new company which started Monday night. The jokes are new and clever—there is not a stale item on the bill; and the singing is in every instance away above the class usually heard at a vaudeville houses.
